

## Less Frequently Used Laboratory Animals

John N. Norton, D.V.M., Ph.D.  
Director, Division of Laboratory Animal Resources  
Duke University Medical Center

*Clethrionomys rutilus*

*Mystromys albicaudatus*

*Oryzomys palustris*

*Peromyscus maniculatus*

*Peromyscus leucopus*

*Sigmodon hispidus*

*Ondatra zibethicus*

*Promys natalensis*

*Octodon degu*

*Sciurus niger*

*Sciurus carolinensis*

*Spermophilus heecheyi*

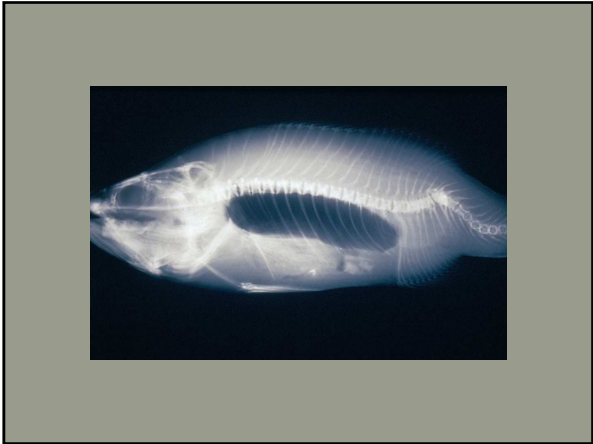

Cephalophus monticola

A higher incidence of gastric carcinomas occurs in females of the following species?

- A. *Rattus norvegicus*
- B. *Sigmodon hispidus*
- C. *Mastomys natalensis*
- D. *Homo sapiens*
